

Title: adgangskode

Author: Bellatrix Adhara

---

For maNy Now is Not  
eNough  
People Never Ponder  
the world around them  
Move Merely the smallest  
stoNe  
or Mash the smallest  
tuFt of grass  
and the Protrusions of  
that event  
echo across infinity and  
prove that in fact  
we can each Move  
Mountains.
